Gandy Bridge Drive To Be Beautified

CLEARWATER — Development of the approaches to Gandy Bridge, similar to the project just completed on Courtney Campbell

Parkway, is planned by the State Road Department. Concrete shelters for picnic parties outdoors are proposed and a state-sponsored public recreation area will be installed, it was announced recently by Courtney Campbell, Florida industrialist and member of the State Road Board.

The planned development in-cludes both the Hillsborough and Pinellas sections of the Gandy Bridge causeways.

Regarding the department's plans for Gandy Bridge, Campbell envisioned a new recreation area available to the thousands of winter visitors living in St. Petersburg

Will Not Sell Tax Land By Piecemeal

Monday tentatively agreed with various drainage districts to work out a plan whereby properties to be sold for taxes on Wednesday will not be parceled off piecemeal or in a manner to make adjacent sections less valuable.

sentatives of the Lake Worth Drainage district, as well as a Miami attorney speaking for Pa-hokee, Pelican Lake and East hokee, Pelican Lake and East Beach districts, urged the county to maintain a good valuation in the sale of the land. Commission Chairman C. Y. Byrd pointed out that the law makes no provision, except for setting a premimum price, as to the sale of land in blocks.

Lake Worth Drainage District aides pointed out that the district has made an effort to classify tax delinquent property in large blocks and that to sell it piecemeal may cutoff rights-of-way to roads and other facilities. Attorney T. M. Johnston, of Miami, representing the Pahokee, Pelican Lake and East Beach districts, said at least one-half of the assessed valuation should be obtained from the prop-

Commissioner John Prince said he was inclined to go along with the drainage district to keep the lands in blocks, and if sales might interfere, to hold it off the mark-et and, if mandamus action is instituted, to go into court. The question was referred to County Attorney Engineer J. M. Boyd for discussion with drainage district

The commission also took action to dedicate to public use lands set aside by the Everglades Drainage District in conservation areas, as part of the overall flood program.

Pampered Farmers

If the folks in our town were less tolerant, they'd be really burned up over that nationally circulated article on "pampered farm describing them as living off the fat of the land.

From where I sit the farm anything but "pampered." If he's better off today than twenty years ago it's because he's worked hard to improve the quality and quantity of his production.

Take Bert Childers, for example. Bert is up at four in the morning, to get the milking finished—and ploughing or harvesting, depending on the season, until sundown. In the evening he finally relaxes with missus over a moderate glass of beer.

And the farmer today's not only temperate in his habits, like Bert's evening glass of beer . . . but tolerevening giass of peer... but thereant in his opinions. So hall probably say of that article, "somebody got the facts wrong," and just let it go at that.

A telephone ring is exciting! You never know what's waiting at the other end. That's why it's important to answer calls promptly. It's also important when you're doing the calling, to allow a minute for your party to reach the telephone. It's two-way telephone consideration that means better service all around.

Give party called time to answer...

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

That's right! When you must walk on the highways in rural or suburban areas, always walk on the left side of the road —facing traffic.

There is plenty of reason for this. Last year for every person killed facing traffic three were killed walking with traffic. 24 Floridians lost their lives and 33 were injured walking the wrong way instead of facing oncoming cars. For every daytime fatality there were 4 deaths during the dusk and dark hours. Six more people lost their lives merely standing in the road.

Never assume you are safe when walking on the highways—many times you are hard to see. Then, too, the despicable hit and run driver is still at large—his numbers and his victims increasing. In the first six months of 1946, 78 hit-and-run accidents were recorded in Florida and 16 were killed by these car cowards.

So remember for your own sake — on highways, walk to the left facing traffic—be alert to danger—be alive tomorrow.

14 minutes, Harris used crab for bait, a 12-ounce rod tip and a
Pflueger Ohio reel. The catch was made during the recent Interna-tional Black Drum Rodeo, which is sponsored annually by the local Chamber of Commerce.

The world all-tackle record is held by Jack Inman, who landed a 90-pounder at Surf City, N. J., in 1925. St. Augustine also lays claim to the largest black drum caught by any method. It weighed a mere 146 pounds.

Miss Weeks Is Bride Of E. L. Hamilton

Miss Flora Mary Weeks, daughter of Mr. and Mrs. Inman W. Weeks of Pahokee, became the bride of Edward Lee Hamilton, son of Mr. and Mrs. C. R. Hamilton of Springfield, Mass., at a candialight ceremony held in York Chapel on Duke University campus Saturday, June 25, at 2 p. m. The vows were read by Monsignor William O'Brien as the couple stood before the altar which was decorated with white gladioli with a bank of palms in the background and lighted with white tapers in

two large candelabra.
Miss Margaret Petrea, vocal soloist, sang "Through the Years" and "Where'er You Walk." accompanied by Beverly Howerton, planist, who also played the traditional wedding marches.

The bride, given in marriage by her father, wore a street-length dress of white lace over ice blue taffeta and carried a white prayer book with satin streamers which was topped with a corsage of white rosebuds.

Miss Ann Brabham, maid of honor, wore a pink lace dress of street-length and carried an oldfashioned bouquet of mixed flowers. James Hamilton was his brother's best man.

Mr. Hamilton graduated from Technical High School, Springfield, Mass, in 1943 and attended College of the Holy Cross, Worchester, Mass. He served for 18 months in the Navy during the war and is now a junior student at the Duke University School of Medicine.

Following the ceremony Mr. and Mrs. Hamilton left for a wedding trip to the mountains of North Carolina after which they will make their home in Durham until he finishes medical school.

WALDSCHLAGERS TO TAKE MONTH VACATION

Jack Waldschlager, son of Mr. and Mrs. Harry L. Waldschlager of Pahokee, who is employed as a ship purser on an excursion liner, arrived in New Orleans Tuesday from a cruise to various South American ports and is expected to arrive home this weekend for a visit.

When he arrives he will take over his father's business while Mr. Waldschlager spends a month's vacation with relatives in Hannibal, Mo. While in Missouri Mr. Waldschlager plans to attend a reunion of the class of 1910 of the Frankford High School which had six graduates all of which are living. This will be the first reunion of the class since graduation 38 years ago.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Fear thou not; for I am with thee; be not dismayed; for I am thy God! will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of my right-eousness" (Isaiah 41:10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Principle and its idea is one, and this one is God, omnipotent, omniscient, and omnipresent Being, and His reflection is man and the universe. 'Omni' is adopted from the Latin adjective signifying 'ali' Hence God combines all-power or potency, all-science or true knowledge, all-presence" (465:17-4 Principle).

PRELUDE TO ACCIDENT-

Injury - - - - Death!

Every violation of the center line of safety is a potential prelude to accident.

Crossing into the danger zone can occur at the approach to the top of a hill—on a curve—going into an underpass, or even on the straight highway. That's reckless, dangerous driving! Accident records show that about one half of all fatal traffic accidents result from bad driving habits such as these.

It's your responsibility to yourself, your family and to others who share the road to avoid these "Pass-Pockets" where lurk injury—and death.

Don't let impatient driving tag your conscience with being one of those who contributed to the maining or death of the hundreds of thousands who will be auto accident victims this year.

You can be a safe driver if you will. It's up to you.
